1. Bring visibility to European independent films in and outside Europe as well as represent and show the diversity of current European independent cinema worldwide

2. Coordinate a network of festivals, distributors, sales agents, exhibitors and VoD platforms both in and outside Europe

3. Ensure the selection and screening of EoF titles in festival partners and their commercial exploitation by EoF distribution partners, in and outside Europe

4. Reach new audiences thanks to always growing and wide catalogue of films (notably by cooperating with sales agents) and raise the awareness of European independent films among them via digital technology means

5. Develop an educational mission by creating special events at the occasion of film festivals or EoF programmes/seasons in cinemas such as masterclasses with filmmakers

6. Develop distribution strategies dedicated to increase the visibility of EoF titles such as Day-and-Date releases

7. Develop the EoF network to enlarge the visibility of European first feature films, including also in third countries
8. Defend young European filmmakers, emerging producers and their first feature films, increase their visibility on the international market and make them benefit from EoF network of film professionals for their future projects. Maintain a synergy between film professionals involved and ensure a global communication all year long for EoF European titles

9. Establish a long-term evaluation of our action’s efficiency: enrich and consolidate our database with the results of our actions and about our target audiences by defining more criteria to collect data/figures/information/reports and to make relevant statistics

10. To affect the commercialization of the films by increasing a direct link to the audience by shortening the chronology of the medias and widen this audience by giving them access to the films faster by having a direct access to regional theatres

11. To create a synergy between all our distribution partners with the exchange of technical and marketing material, marketing plan, statistics and data...

12. Creation of a Mini Markets with focus on the topic of alternative releases
**STRO**N**G** AND WEAK POINTS OF **EYE ON FILMS**

**Strenght:**

1. The projects mixes many different partners and is focusing on very specific films
2. The European dimension is strong in terms of partnership and targeted countries
3. Good methodology in creating synergies among the industry agents and to collect, analyse and share datas and metadatas
4. Experts from almost every knowledge area are involved
5. Potential to improve collaborations with international actors, providing a positive impact on industry practices
6. A brand that has developed over the years with a large partnership and is unique in its kind

**Weakness:**

1. Working with new time directors, film origins and descriptions cannot be determined one year in advance
2. Limited impact and relevance due to a small number of films dedicated to selected audiences (15 new films and a library of 117 films)
3. Weak business model in terms of innovations, cost-effectiveness and long term feasibility
4. Partners involved are not always key players
